Problem In Turkey Not So Difficult as Rail Lines Are Unharmed

(ASSOCIATED PRESS TELEGRAM)

London, Wednesday, Nov. 13.—Problems connected with the policing and provisioning of Russia and the Central Powers hinge primarily upon the immediate disarmament of the German fleet, the Russian warships held by the Germans and those under control of the Ukrainian government in the Black Sea. Warships which are held by the Bolsheviks in the Finnish gulf must also be put out of commission.

Without freedom of movement in the Black and Baltic seas, the entente powers and the United States will have great difficulty in affording economic relief to central Europe as well as Scandinavia. Consequently the attitude of the German navy toward the armistice terms is watched with eagerness by entente officials who are anxious to prevent starvation among the belligerents and to restore normal social and economic conditions among the suffering millions.

Swift action is necessary for the relief of regions adjacent to the Baltic Sea, as many of the ice-bound waterways within two months and the congested and disrupted condition of the railways makes relief by land routes uncertain. The United States and the entente powers have shown no disposition to deal with the Bolshevik government. While Russia remains in the control of the Soviet, therefore, there seems to be little hope of feeding Moscow, Petrograd and other large cities there.

Georgia and Armenia can be fed with comparative ease when the allies are free to navigate the Black Sea. Railroads there have not been seriously impaired. Germany is supposed to have about 20,000 troops in Ukraine and the Russian Baltic provinces, as well as 50,000 in Finland. Under the armistice terms, these troops will remain until the entente requests their withdrawal. Adequate provisioning of these is of prime importance to prevent their defection and possible alliance with the Russian Bolsheviks.

BAN ON WHEAT HAS BEEN LIFTED

White Bread Made Entirely of Wheat Flour is Permitted—No Substitutes Required.

In announcing the withdrawal of the regulations as to substitutes, the food administration gave notice that substitutes in the hands of millers, dealers and bakers prior to November 14, which a ready sale is not found will be purchased by the grain corporation under plans now being formulated.

NEW GOVERNMENT NAMES A CABINET

Scheideman, Socialist Leader, In Charge of Bureau of Finance and Colonies.

(ASSOCIATED PRESS TELEGRAM)

Copenhagen, Nov. 14, (3:22 a.m.)—The new German government has been organized with the following cabinet members:

Premier and interior and military affairs—Frederich Ebert.
Foreign affairs—Hugo Haase.
Finance and colonies—Philipp Scheidemann.

Demobilization, transport, justice and health—Wilhelm Dittmann.
Publicity, art and literature—Herr Landsberg.
Social policy—Richard Barth.

Announcement of the members of the new German government confirm previous reports that the cabinet is composed entirely of socialists. The majority socialists who supported the imperial government during the war are represented by Ebert, Scheidemann and Landsberg while the independent socialists are Haase, Dittmann and Barth.

Herr Dittmann, who sits in the Reichstag as a deputy from Hamburg, was sentenced to imprisonment last February in connection with labor troubles in Berlin.

(ASSOCIATED PRESS TELEGRAM)

Upper Sandusky, Nov. 14.—Fire destroyed the heart of the business district of Upper Sandusky this morning with more than \$250,000 loss.

A dozen mercantile houses and their contents are a total loss. The \$500,000 Wyandott county courthouse was damaged by smoke.

Ten persons were caught under a falling brick wall and two were injured probably fatally. Edward Hart, aged 30, and Edward Orsini, 33, probably will die. A. E. Whitney, president of the Ohio Manufacturing company and Bernard Walter were seriously injured but will recover. The others escaped with minor injuries. Ten persons were rescued from the second story of the Osborn rooming house by firemen. The guests of the Hotel Fetter had ample time to flee and the contents of the hotel were saved.

The fire was discovered at 1 o'clock this morning and is thought to have originated in the Bon Ton Bakery, the rear of which was found ablaze.

Fire trucks were rushed from Marion, Bucyrus and Carey. With chemical firemen arrived a half dozen residences which were ignited by sparks with trifling damage.

It is estimated a fourth of the loss was covered by insurance.

PERSHING GIVES MEDAL TO FOCH FOR GRATITUDE

Tells Allied Chief America Is Grateful For His Service to Army

MUST HAVE FREEDOM OF MOVEMENT TO FEED PEOPLE

Says "Meuse" May Be Written Proudly on American Flag

(ASSOCIATED PRESS TELEGRAM)

Senlis, Tuesday, Nov. 12.—General John J. Pershing, commander of the American forces in France today conferred upon Marshal Foch, the commander in chief of the allied armies, the American distinguished service medal. The presentation was made in the name of President Wilson at the villa where Marshal Foch has his headquarters and was an impressive ceremony.

A guard of honor was drawn up at headquarters and trumpeters blew a fanfare as Marshal Foch, with General Pershing at his right, rode down a few paces in front of the guard. General Pershing, addressing the generalissimo, said:

"The congress of the United States has created the medal to be conferred upon those who have rendered distinguished service to our country. President Wilson has directed me to present to you the first of these medals, in the name of the United States government and the American army as an expression of their admiration and their confidence. It is a token of the gratitude of the American people for your achievements and for the great service you have rendered to our army. I am very happy to have the honor of presenting this medal to you."

General Pershing then pinned the medal to Marshal Foch's breast and the two stood with their hands clasped as the trumpet sounded once more.

In accepting the decoration, Marshal Foch said:

"I will wear this medal with pleasure and pride. In days of triumph, as in dark and critical hours, I shall never forget that tragic day in March when stirred by a generous impulse you came and placed at my disposition the entire resources of your army. Today (Continued on Page 2, Col. 5)

(ASSOCIATED PRESS TELEGRAM)

Basel, Tuesday, Nov. 12.—Declaring that the new democratic state of Bavaria is not responsible for the faults of the old regime in Germany, a manifesto has been sent from Munich to the new federal government of Germany, asking that it consider over the text of the message he has sent to the entente powers. It is said that the terms agreed to by Germany in stopping hostilities are of such a nature as to prevent rapid re-establishment of order in Bavaria.

A Basel dispatch earlier in the week reported that the Bavarian government had sent a protest to President Wilson complaining that the terms of the armistice were burdensome to that part of Germany and that the new government was in no way to blame for the offenses of the militarists who formerly ruled Germany.

PEALER PRAISES COUNTY BOARD

Compliments Members for Efficient and Rapid Service Handling Draft Machinery.

Major S. W. Pealer, executive officer for the selective system in Ohio, accompanied by Mr. Crawford, an executive clerk from state headquarters, called at the office of the Licking county board at Granville Wednesday afternoon. Major Pealer instructed the local board to continue the physical examinations of the 19 to 37 year old group of registrants of September 12 and to complete the classification of the 18 year old men of the second group. He found that the local board had practically completed classification of the 37 to 46 year old registrants, but advised that the notices of classification be withheld pending the outcome of peace negotiations. He also gave instructions as to the manner of filing the questionnaires and other records in their final form before turning them over to the custody of the war department.

Major Pealer examined the records and files of the local board and expressed his appreciation of the complete and accurate manner in which all matters of record have been kept. He commented the board on the very satisfactory way in which all business with the state headquarters had been handled, and stated that in his office the Licking county board was classified among the best boards of the state.

The members of the Licking county board assured Major Pealer that while at times the work of administering the selective service system in Licking county had seemed exacting and arduous yet the work had been done cheerfully and in good spirit, and that in their endeavor to give to the United States army the best that Licking county had for military service, there had been but few sore spots developed throughout the entire county, and these were due largely to the lack of understanding on the part of a few registrants of the rules and regulations under which the board was working.

Just previous to the visit of Major Pealer a telegram was received by the local board from Provost Marshal General Crowder as follows:

"I am entering upon what seems to be the final work of this character, and I tend to the members of the selective service system my personal congratulations upon their truly great achievement of the past year and a half, achievements that have taxed to the utmost the time, ability, and endurance of all those engaged in the work, and that have furnished the army to which in large measures must be given the credit for saving to the world both civilization and government by the people. To you, members of this system, must come a sense of duty well done, which only a loyalty, patriotism, and devotion such as yours can bring. The country and the world knows that the credit to you is a debt of thanks and gratitude, which cannot be measured by words but only by the affection, the respect and esteem, now yours, of those whom you live and from whom you have taken that which was beyond price."

The members of the Licking county board have worked as one man interested solely in the fair and just administration of the selective service system in this county. The primary object of this system is to produce high grade men for the army, and the people of Licking county have reason to be proud of the 100 men who have been inducted by the local board at Granville. In performing this task the local board has shown all the enthusiasm, support and co-operation of the executive officers at the state headquarters and the inspired patriotism and keen executive leadership of the Provost Marshal General's office.

HOST TURNED HIM DOWN; HE GOT LOST

Two men faced Mayor Atherton in police court today and one was fined \$5 and cost for intoxication. The other was an aged citizen of Clay Lick, who was picked up in the West End this morning about 3 o'clock and held for investigation. He stated that he had accompanied a friend home late last night upon invitation to stay all night and that upon arrival at the house his friend refused his admittance and he became lost while trying to find his way back to the square and wandered around until picked up by a policeman. He was discharged and advised not to look upon the sup when it is cold.

"So you are hungry, eh?" said the woman to the tramp. "How would a few chops suit you?" "With a knife and fork, or an ax?" demanded the tramp, cautiously. You never can tell. Many a strong will is contradicted by a stronger won't.

NAME HEADS OF WAR WORK CAMPAIGN HERE

Although the war chest appropriated the original quota of \$61,000 for the United War Work campaign, the figure was rated upon the basis of one million men in service across seas. As there are more than 2,500,000 men overseas and the work of demobilization is at hand the quota has been increased 50 per cent. Upon this basis the amount required from Licking county will be \$96,000.

What effort will be needed to obtain this amount is not known. Should an appeal to the people be necessary, the head of the various organizations have been named. Today Frank L. Reggs as chairman of the campaign for Licking county names Walter J. Bowers on the American Library Association board.

The other representatives are as follows: Charles C. Metz, National War Work Council of W. M. C. A.; Mrs. J. A. Mitchell, Y. W. C. A.; R. E. McGonagle, National Catholic Council (Knights of Columbus); A. Schiff, Jewish Welfare Board; Henry Flack, War Camp Community Service; O. Deckard, Salvation Army.

WELSH HILLS TO HONOR SOLDIER

Will Hold Memorial Service For Zennie Hottinger, Who Died In France, October 12.

(Special to the Advocate.)

Granville, Nov. 14.—There will be a memorial service in the Welsh Hills church next Sunday at 11 a. m. for Zennie Hottinger, son of Mr. and Mrs. John Hottinger of the Welsh Hills, who died of pneumonia in France, October 12.

Benj. F. Hershey, Norman Dold and John McConaughy, the three Denison men bound for officers' training school at Camp Grant, Ill., were all ready to entertain last evening when turned back by a telegram received while at the station waiting for the train.

The first organization to assemble on the lighting of the ban Wednesday noon, was the Women's Music Club, which met on invitation at the home of Mrs. R. W. Soule in Broadway west, three hours thereafter. About forty members, associates and guests enjoyed a program of rare charm as presented by the leaders, Mrs. C. B. White, who analyzed, in a musically way, each of the Mendelssohn numbers presented, giving a fresh insight into even the most familiar and beloved of the selections. The overture was given by Mrs. Darrow and Mrs. Bielefeld, two songs, "The Days of Youth" and "New Love" were contributed by Miss Gladys Spencer, soprano; four "Songs Without Words" by Mrs. Soule, Mrs. Stuart, Mrs. Suckney, and Mrs. Bielefeld; two songs, "Is It True?" and "The Garden of Eden" by Mrs. Rohrer, soprano; and in closing "Symphony No. 4 in A major," Op. 96, brilliantly played by Mrs. Mather and Mrs. Darrow. Guests of the club were Mrs. Robert McCutcheon, Mrs. W. E. Adams, Miss Addie Slack, Mrs. Etanah, Mrs. McClelland of Boston.

The Music Club vesper service, scheduled for October 20, has been postponed until after the holidays; the open meeting at Camp Dewey, December 5, and the opera "Hansel and Gretel" to December 18.

The Comford farm has been sold to a man from Nelsonville, Florida Comford, who enlisted in the U. S. Marines is awaiting a call.

Arch Piper, son of Mr. and Mrs. George Piper, has sent home his personal belongings in expectation of orders for overseas.

Mr. and Mrs. T. M. Williams and W. H. Kussmaul noticed to Stockport today for a stay of several days.

Mrs. George Stuart with her two children, left this morning for Marysville where she will spend a fortnight at the home of her parents, Mr. and Mrs. William Perfect.

C. R. Slack has bought the Ford farm, southwest of Granville, once known as the McLain farm.

The song recital by R. W. Soule, to his been given last evening, was again called off in the afternoon by the sudden illness of the accompanist, Miss Leil C. Brown.

The Junior Red Cross is still asking for magazines to get out more than the last quota of story scrap books for the soldiers which are being demanded for overseas at the rate of 70,000 a month. The college girls are helping with these books, and one having old Harpers, Centuries, Atlantics or periodicals of any size, will please send them to the Fuel and Light office in South Broadway. RED BLOODED MEN FIGHTERS

THEY RULE THE WORLD

Red blooded men are born leaders. In every walk of life, and fight intelligently with both brain and muscles. They are always live wires, smiling and full of ginger; keen, alert on their toes and ready for anything that comes their way. Work is a pleasure and they land on top every time.

You will not find a strong successful man or woman trying to plug along with poor health or weak nerves. They know better, they are wise and see to it that their blood has plenty of good fresh iron and their nerves are at times loaded with Phosphates—the nerve food.

A leading doctor says, "Show me a strong, healthy successful man or woman and you can bank on it even time, their bodies are just loaded with iron and phosphates." Another physician says, "There is no need of anyone going through life sickly, miserable, played out, fagged and nervous when Phosphated Iron will always put energy and vigor in the body, mind and nerves." This same doctor also said, "With the system loaded with phosphated iron you can fight life's battle at any stage of the game and be a winner at every turn."

Mr. Run Down man or woman in any stage of life, if you feel all in your nerves are all shot, and life seems like one continual drag, and drudgery from day to day, get next to yourself, wake up, take a brace. Lay in a supply of Phosphated Iron and take a new lease on life. You will once again feel like a live one and face the world with the smile that wins.

To insure physicians and their patients receiving the genuine Phosphated Iron, it has been put up in capsules only, so do not allow dealers to give you tablets or pills. Insist on capsules.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvonit, apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvonit at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

GERMANS' PROTEST GIVEN OUT IN PARIS

(ASSOCIATED PRESS TELEGRAM)

Paris, Tuesday, Nov. 12.—A declaration sent to the French government early this week by the German plenipotentiaries who went to Marshal Foch's headquarters to sign the armistice between the allies and Germany has been published here. It protests against some features of the terms agreed to by the Germans and to which they objected verbally at their first meeting with Marshal Foch. The declaration reads:

"The German government will naturally make every effort to aid in the carrying out of the obligations imposed upon it. Its plenipotentiaries recognize that on certain points a conciliatory spirit has been shown toward their suggestions. They can, consequently, consider the observations which they submitted on Nov. 9, referring to conditions of the armistice and the reply they received on November 10 as forming an integral part of the complete convention."

"They cannot, however, permit any doubt to exist on the fact that the shortness of the delay fixed for evacuation and the handing over of indispensable means of transport threatens to provoke a state of affairs which, without the German government and people being at fault, may render the execution of the conditions of the armistice impossible. The plenipotentiaries further consider it their duty, referring to their reiterated verbal and written declarations, to state once more with the utmost energy that the execution of this convention must throw the German people into anarchy and famine."

"After the public manifestations which preceded the laying down of the armistice, conditions might have been expected which, while giving our adversaries full military security, would have put an end to the suffering of non-combatant women and children. The German people, which for 50 months has held out against a world of enemies, will maintain its liberty and unity despite every violence."

YANKEE GENERAL IS PRISONER OF U. S. TROOPS

(ASSOCIATED PRESS TELEGRAM)

With the American Army in France, Nov. 12.—To be taken a prisoner by American troops was the expedition last Friday of Brigadier General Douglas MacArthur, a brigade commander of the Forty Second Division. The First and Forty Second divisions were advancing rapidly that day toward Sedan in the region of Antrecourt. The lines of the two divisions became crisscrossed. General MacArthur, who was at the head of the advance of his men, was taken prisoner by soldiers of the First division who could not believe that any Americans were ahead of them. The situation was explained quickly and General MacArthur released. He then good naturedly went about straightening out the line and the two divisions were soon fighting the Germans with full vigor.

The incident did not delay the advance and by night each division had taken its objectives.

THE DAY OF PEACE.

The signing of an armistice is not ordinarily accepted as a definite end of a war. But in this case the treachery and dirty perfidy of the Huns have called for the imposition of most unusual and extraordinary safeguards. With an angry people at their back and the armed forces of civilization before them, the Hun legions are cornered. The war is over.

The voice of America will not again be trifled with and flouted. When our representatives speak, they will be listened to. Our power to resist within a short time and exert an overwhelming force has been abundantly demonstrated. The notion that the United States is an easy going, money loving nation, that had no sense of pride, no power of resistance, no force to make its principles and standards felt, has been shattered.

The most frightful threat the world ever met since the Dark Ages has been challenged. Cruelty, rapine, lust, rapacity, brutality, have been defied and driven into their dens. The world is once more free to go the way of honest and personal industry.

A great military record has been made. Our boys have proved that the fiber of the nation has not softened. The feats of our soldiers compare with anything you can find on the most golden pages of history.

A glorious record of civic service has been achieved. Our people have proved their willingness to sacrifice, to place country and community first, and their own personal welfare last.

Our losses it is true have been irreparable. The noble lives of thousands of young men have passed from us. But all human advance is gained at the cost of similar sacrifice. The blessings we enjoy today were all paid by the blood and tears of previous generations.

We lay our reverent tribute of gratitude at their feet, and enter the new door of opportunity they have opened for us.

Germany started this war to get a place in the sun. Now she is humbly begging for a quiet little corner in the shade.

After trampling their bloody heels on the bare breast of Belgium, the Huns are now protesting against a peace of violence.

IT PUTS THE "PEP"

Into Pepin—The Combination of
Pepsin, Nux, Iron, Celery.

This is what makes Pepin of wonderful therapeutic value, and so successful after influenza, the grip and in blood nerve troubles, anemia, paleness, nervous weakness and the exhausting worry and anxiety over the world war. It is a real tonic from blood and nerve, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school girls and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.

HELPING OUR WOUNDED.

The United States government is resolved to do its best to restore every wounded American soldier and sailor to health, strength and self-supporting activity.

Until his discharge from the hospital all the medical and surgical treatment necessary to restore him to health is under the jurisdiction of the military or naval authorities, according to the branch of the service he is in. The vocational training, the re-education and re-habilitation necessary to restore him to self-supporting activity, is under the jurisdiction of the Federal Board of Vocational Education.

If he needs an artificial limb or mechanical appliance the government will supply it free, will keep it in repair, and renew it when necessary. If after discharge he again needs medical treatment on account of his disability, the government will supply it free. While he is in the hospital and while in training afterwards the soldier or sailor will receive compensation as if in service and his family or dependents will receive their allotment.

A wounded soldier or sailor, although his disability does not prevent him from returning to employment without training, can take a course of vocational training free of cost and the compensation provided by the war-risk insurance act will be paid to him and the training will be free, but no allotment will be paid to his family.

Every Liberty Bond holder who holds his bond is keeping up a part of this great work of restoring to health, strength, and usefulness the men who have suffered for their country.

ADVERTISED STORES.

Because the advertised store tells the public what bargains it has, while the non-advertised store does not, it succeeds.

A live, enterprising merchant, who is a good, shrewd, wide-awake buyer, has bargains all the time. It is his principal job to keep on the look-out for special opportunities. He watches the trade papers like a hawk, he quizzes salesmen, he looks out for odd lots and stocks that have special attractions.

If he is on his job he is continually making a wise selection between good and poor offers, and always has things in his store that represents exceptional value.

The public hears about these exceptional chances in the advertised store. The public is not told and does not realize that such chances exist in the non-advertised store, even if that store has them. The public then passes by the non-advertised store, because nothing has been suggested to convince anyone that anything is to be gained by trading there.

The Socialists who claimed they were going to make big gains in this congressional election, forgot that there are a large number of people in this country who know how to read, and who have heard what has happened in Russia under Socialist government.

It is unanimously agreed by the politicians of both parties that the election was a sharp warning to the other side.

The only people who have contributed nothing to the securing of a grand and glorious peace, are the pacifists.

THE ITALIAN VICTORY.

(Philadelphia Record.)

Italy's glorious victory in the last inning of the occasion of unmeasured jubilation for her and of sympathetic and ungrudging applause from the general world-public. The casual drawing of an analogy between this contest and the American national game is not without point and aptness, because a very large percentage of Victor Emmanuel's victorious fighters are men drawn from this country. Men who are familiar with the sports and activities of America.

It is not unlikely that among the men now celebrating the assured victory at the Austrian border, under the temporary rest of the armistice, the resemblance of their achievement to the last inning rally of the home team, which in peace times they so often witnessed here, is even now being remarked. The game has been a hard and a varying battle from the start for them, though they have always been the better team.

When Italy entered the lists in May, 1915, she started from having the undivided support of her own public. The machinations of German diplomacy had undermined and shaken that support in many directions, but Italy played nobly and with determination. No obstacles daunted those gallant fighters, who sought to carry the battle into Austria's own territory. No better fighting qualities were shown anywhere along the Allied front than those which marked the herculean labors of the modern legions of Caesar among the menacing mountains. Within two years they had earned the victory and it was theirs. Their grasp of it was shaken from their hands then by treachery, but they were not beaten. The trickery of a mean and unprincipled foe availed to stun but not permanently to affect the will to win. The forces of the retreating army were pulled together, and at the proper time began to roll on and upward to the heights again.

Meantime the soldiers of the sea and of the air were achieving deeds undreamed of in defeat and conquest, many of them, with the pure gold of victory, valor elsewhere unmatched. Nothing in the romance of sea-fighting exceeds the exploit of Italy and the islands about Durazzo, and for gallantry in the regions of air it was the Italian bomber, the palm than the peaceful bombing of Vienna by D'Annunzio, the best light in a constant procession of feats of daring by Italian aviators. The Italian air force, the Italian navy, the Italian army, the Italian people, Italy, and the plaudits of the whole world are best; and most vigorous, most beautiful should be ours, for many of her fighters were our one-time neighbors, and the homes to which peace

will return them now shelter their loved ones and their friends in America.

WILLIAM HOHENZOLLERN'S FLIGHT.

(Pittsburg Gazette-Times)
A whole handful of the salts of doubt would seem to be appropriate dressing for the tale put forth from Amsterdam that the former Kaiser was on his way to the British Isles, a suggestion which was headed off by the German revolutionists and forced to seek safety in Holland. The English are the last people to whom the Hohenzollerns would apply for a refuge. In England the former monarch has been indicted for murder under the terms of common law. The dethroned Hohenzollern might have been received by Marshal Haig as a prisoner of war had he been given opportunity to tender his sword to the leader of the British forces in France, but we may be sure that his status as such would have lasted a very short time. The civil authority is paramount in England. Events of the last four years have served to elevate it even higher. Indeed, in final statement, the great objective for which the war was prosecuted, the knock-out which has been administered to the enemy was the extension of popular sovereignty throughout the world. In England William Hohenzollern would face trial before a jury selected from the ranks of ultimate authority—the common people. He would be condemned.

William went to Holland, it is certain, because there was nowhere else to go. He did not dare travel across the country he had ruined to Switzerland. He cannot have been much surprised to find the Dutch not receiving him with honors, though his virtual imprisonment must have been a shock. But here his eyes have been opened, which is something gained. He knows now something of the success he achieved in carrying out his self-appointed policy of scourge. He is wanted nowhere. He is universally loathed. When he shall meet his end none can predict. That it is overdue he must be convinced. There is no earthly refuge for one so justly execrated.

SPIRITUALITY NEEDED.

(Ohio State Journal.)

The attitude of President Wilson in regard to the fate of the fallen foe is right. He proposes to turn their defeat to their own profit by seeing that they re-establish themselves in peace and quiet and adopt the forms of civilized government that will adorn and elevate life. Hate should never interpose to neutralize such a purpose. We want to change German culture from its materialistic and intellectual plane to the spiritual plane, that recognizes God and human duty. No nation ever endured so sincere, artful, and bitter a literature, philosophy. It must have the spiritual element in it or it will die. That was what was the matter with Germany. It did not recognize the divine humanity. President Wilson recognizes that, and it is trying to give it a place in the German restoration. When he succeeds the earth will have fewer dark and unhappy spots.

GERMAN PRISONERS STILL WORK ON ROADS

(Associated Press Telegram)

With the American Army on the Sedan Front, Nov. 13—(Delayed)—The American army is marking time until orders come from Marshal Foch for the next move. The roads near the front are filled with the panoply of the war that has ended. The soldiers are wondering when they will get home. Very few German soldiers were seen along the front line since the armistice. The German command will have a difficult task, it is believed, to accomplish this line of march. The Americans have cut the Mezieres-Longuyon line at Sedan, the Germans have only one main line over which to return to Germany. The line runs through Liege.

The terms of the armistice forbid American airplanes from going over the German lines and inasmuch as no prisoners are being taken it is virtually impossible to get any information as to the movements of the German army.

The hours since the cessation of hostilities have wrought a wonderful change on the front. Silence has replaced the roar and crash of cannon and the rattle and rattle of machine guns. Armies are packed along the roads instead of bowling along on errands of mercy. The marching columns of troops going into battle have been replaced by laughing groups of Americans and French soldiers rejoicing over the success of their great efforts. Everyone seems to take it for granted that the war cannot start going again.

Only one thing goes on as it did before—the work of the German prisoners. By thousands they are repairing the damage German guns and mines have done to the roads of France. They have a large task ahead of them.

The celebration over the signing of the armistice in the towns in this part of France continued with unabated vigor. From somewhere the inhabitants have dug up the street lights, dark for four years and with the dust wiped off the lights blaze again in every hamlet. Equal to every act of kindness, the French apparently know how to get back into the stride of joy and peace.

"Mother and Her Pets Love Candy Cascarets"

Careful mothers know that Cascarets in the home means less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, tainted breath, sour stomach or a cold, a Cascaret quickly and harmlessly works the poisons from the liver and bowels and all is well again.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets work the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent box of Cascarets contains directions for children aged one year old and upwards as well as for adults.

GHENT NOT SERIOUSLY DAMAGED ALLIES FIND

(Associated Press Telegram)
Ghent, Monday, Nov. 11. (Delayed)—Citizens of Ghent, without distinction as to nationality, have greeted the allied troops as liberators.

They relate the same stories of martyrdom that are current in every city delivered from the Germans. They were astounded at the quickness of the relief brought to them and are unable to believe that they were recently freed from the hateful Teutonic yoke.

Deputy Anselme, acting burgomaster, who was thrice arrested by the Germans, told the correspondent today that the food situation here is not desperate, but is serious enough to require that there is no rice, condensed milk or soap.

The city's greatest need is for brown paper, with which to temporarily replace the thousands of windows smashed during the recent fighting in the smaller houses around the city.

Ghent suffered no other serious damage. Robinson Smith, representative of the Belgian relief commission, arrived today and is organizing measures to assist the people.

For months past the morale of the German soldiers has been a source of great anxiety to their officers. Many mutinies at attempts were plotted, suppressed and many soldiers were shot. Three weeks ago 200 soldiers mutinied and paraded through the streets singing the Marseillaise. They fired on Commandant Blucher, a descendant of the famous marshal, who ordered seventy punished. A number were executed. Commandant Blucher bitterly opposed capitulating and openly discussed the inefficiency of Emperor William, the crown prince and Field Marshal von Hindenburg.

Famo Must Grow Hair or Money is Returned

FAMO is sold by the druggist named in this advertisement, on a positive money-back basis.

Unless you are absolutely satisfied with FAMO, you may return the bottle to the druggist and he will refund your money.

But we know you will not have to take advantage of this offer. The results achieved by FAMO are so wonderful that every purchaser is more than satisfied.

FAMO destroys the dandruff bacilli. It stops all scalp itching.

It checks the deadly seborrheic excretion which causes dandruff and makes the hair and scalp healthy.

There has never been anything like the way FAMO nourishes the hair. Even when baldness has appeared, FAMO will encourage and stimulate a growth of new hair—unless the roots are absolutely dead.

New, luxuriant hair appears when FAMO is used regularly.

When FAMO is used, the seborrheic microbe dies. The dandruff disappears.

Nature has its way. The hair flourishes as it never did before. Grayness is retarded because FAMO contains no alcohol.

The persistent use of alcohol on the head causes grayness and falling hair.

When you use FAMO you can see the difference almost from the first application.

The natural color is intensified—the hair has a new lustre and sheen.

The hair grows like the hair of a healthy child.

The scalp is as clean as a baby's—the hair luxuriant and soft.

FAMO is the result of three years of careful experimentation in the laboratories of one of the oldest pharmaceutical houses in Detroit.

Before it was offered to the public, it had been tried and tested and had proven the wonderful results it accomplishes.

FAMO is the answer of scientists to the ravages of the seborrheic bacilli which cause unhealthy hair. Even if dandruff has not appeared, you should use FAMO to keep the scalp and hair healthy and make the hair fluffy and beautiful.

FAMO comes in two sizes—cents and an extra large bottle at \$1.00.

It is sold at all toilet goods counters.

Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic excretion forms a scale or dandruff and is commonly known as dandruff.

Wall Street.

New York, Nov. 14.—Buying orders in large volume lifted prices considerably at the opening of today's stock market. Demand evidently resulted from more authoritative assurances of an easy transaction of business from war to peace conditions. Railroads, shippers, oil, copper and equipments shared almost equally in the advance which extended from one to two and one-half points in the first half hour. United States Steel was the only leader to make little upward progress, holding municipal bonds were strong at the record quotation of 122.

Trading lapsed after the first hour but advances were well maintained on confirmation of earlier advice indicating that the government is adopting systematic measures to stabilize post-war trade conditions. U. S. Steel gained 1 1/2 points and other issues of the same class rose 1 to 2. Oils were strong, notably Mexican Petroleum and Royal Dutch, and Marine preferred reflected the probable early consummation of its long pending deal. Metal shares were higher in anticipation of the retention of the existing production schedule by the industrial board.

The bowels clogged with strings ofropy mucus indicates a body literally reeking with catarrh, causing pimples, blotches and other skin eruptions.

The blood, swarming with millions of catarrh germs, ontails upon the kidneys a labor that may break them down, the lungs and bronchial tubes, scourged with the destructive influence of systemic catarrh, can lead to anemia and the most serious consequences.

So why continue with all this misery? Send your name and address today for a free trial of Mr. Gauss' famous treatment. Mail it to C. E. Gauss, 5745 Main street, Marshall, Mich. Beautiful Hair Tinting

Nothing so nice as a woman of her good looks and a confidence as to be envied or feared. Let there be no more reason or excuse in tolerating hair that is in want of color. There is a hair tonic that will give you the color you want. It is simple and easy to use. No mixing. Just comb or brush it into your hair. It can be washed out, or it can be left on. It is a hair tonic that will give you the color you want. It is simple and easy to use. No mixing. Just comb or brush it into your hair. It can be washed out, or it can be left on.

Scientific and is absolutely harmless. "This tonic" will give you shade desired from light golden tawny to dark. It is sold by leading dealers everywhere. Two sizes—50c and \$1.00. A single application will give you the color you want. It is simple and easy to use. No mixing. Just comb or brush it into your hair. It can be washed out, or it can be left on.

Germany wants to feed her own people," said the American Eagle. "Not with my feathers," retorted the Dove of Peace.

Milady's Boudoir

Training the Eyebrows.

The effect of the eyebrows on the appearance and character of the face is seldom appreciated except by an actor, who, in presenting a character addresses with all the skill he is capable of, to make the eyebrows do as much as possible in his makeup to express what he is supposed to get forth. The eyebrows are very easily trained to an attractive manner of growth. It is, therefore, amazing that women do not take advantage of this fact and cultivate their brows.

Eyebrow brushes may be obtained in the shops, but a small, fine toothbrush answers the purpose just as well. With it the brows should be brushed right and morning to promote their growth and to gloss and train them into the proper shape. High arched, delicate eyebrows indicate the aristocrat.

If they are thin a drop of olive oil or almond oil, or a bit of pomatum or vaseline should be rubbed gently into them. The eyes need the protection of heavy lashes and brows, so this is care that means health as well as beauty.

Ill shaped brows may be disciplined into the proper outline by running a mudlage brush over them at night. Dip in gum tragacanth or quince seeds, dissolved in elder flower water. Let the gum dry on and wash it off in the morning with warm water. A month or two of this treatment will reduce quite unruly brows to subjection and will cause the coarse hairs to drop out.

Reforming the Voice.

The beauty blemish of a shrill voice is a common one. Europeans tell us that the shrill voice of an American woman is an ever present introduction. You know her whenever you hear her, and you hear her from afar. She is positively megaphonic. When we travel on the other side, this truth is brought home to us. We observe the difference ourselves and are ashamed.

The soft voice is not far carrying. Invariably the shrill voice is the voice that is badly pitched. A reform is easy. It is not a beauty defect that is there, like a wart on one's nose. It is something that we can banish with a thought. But we have so little time to think. A dozen reasons have been advanced for the American woman's unlabeled voice; the climates effect upon the vocal organs, an inheritance from the Puritans who exhorted in a whining, sing song voice, the natural twang of New England, but these are not the real reasons. The true one is found in the flurry and excitement of our hurried existence. The high pitched voice is evidence of thoughtlessness and nerve tension. In bettering these two conditions of mental illness, we shall find the cure.

The muscles which operate the vocal cords should have free and untrammelled play. We give them outrageous treatment when we should be more considerate. It is only because they are endowed with tremendous resisting powers and astonishing strength, that they resist the abuse they receive. We shout and yell and talk with such energy that it is almost a miracle that our voices last as long as the rest of our bodies.

Our Boys and Girls

The baby lart carelessly to sleep may grow up with misshapen ears. I have seen babies lying in bed with one ear curled under or turned toward the cheek. Babies are such tender and pliable pieces of flesh that let one get into a bad habit while sleeping, and it may be disfigured for life. When you lay your baby down be sure that its ears are laid back smoothly and firmly.

All through one's life, color plays a tremendous silent part in the moulding and development of character. Children should be taught the science of color when very young. The first step toward the development should be to teach the child how to pick out and remember colors. Give them a small piece of material and ask them to find something in the house of the same shade. It may surprise you to find that they have no idea of color, but constant practice will work wonders. A child's mentality can be developed immensely by this seemingly uninteresting occupation.

The rule for visitors should be observed for a sick child just as it is for a older patient. The child's privacy is lowered and it is particularly susceptible to any new disease or germs which may be brought in on the clothing of a caller.

If the sick child has long hair it should be braided so it will not become tangled in tossing about in the bed. The teeth should be cleaned well at night and in the morning and the mouth washed with antiseptic wash. A bath of alcohol will be found very comforting and cooling to a patient with a temperature.

Here are some very good rules for mothers who have growing daughters. Give them a good, substantial education. Teach them how to cook and serve a plain, wholesome meal. Teach them to wash and iron their own clothes. Teach them to run their own stockings and sew on their own buttons. Teach them to make their own simple dresses. Teach them that a dollar is one hundred cents. Teach them that saving is the right thing. Teach them to be kind and gentle.

Every Day Etiquette

"Will you please tell me whether, in passing people to get to ones seat in the theater, should one face the stage or the people in front of whom one is passing?" asked George.

"When you pass in front of people to get to your seat in the theater, you should face the stage and turn your back to them. In doing so you should make some brief apology for disturbing them," said his uncle.

The Ohio War Board Says Today

The U. S. Employment service has established nearly two score offices through Ohio.

These are something more than labor offices. They seek to furnish help of all kinds.

Since Aug. 1 last, they have filled tens of thousands of jobs from common laborers up to the highest types of skilled workmen and professional men.

For instance, one office lately placed a young physician in a \$3000 a year job. Another office furnished a man for welfare director at more than \$5000 a year.

Chemists, engineers and many other professional men and women have used the service to their benefit.

U. S. Employment offices are for every one. They are not limited to any type of help.

You can tip the waiter a wink, but it won't improve the service.

GIRLS! TRY IT! **HAVE THICK, WAVY,** **BEAUTIFUL HAIR**

Every particle of dandruff disappears and hair stops coming out.

Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandrine hair cleanse." Just try this—moisten a cloth with a little Dandrine and gently draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandrine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely invest a few cents in a bottle of Knowlton's Dandrine at any drug store or toilet counter, and just try it.

Save your hair! Beautifully! You will say this was the best money you ever spent.—Adv.

WRINKLES THAT FORM **AROUND EYES AND MOUTH**

This Good Looking Young Woman Advises Old Time Recipe of Buttermilk Cream in New Way—A Gentle Massage with Fingers Before Retiring At That Is Necessary.

There is no secret about it nor is there any doubt about the result—it's just common ordinary Buttermilk in the form of a wonderful cream gently massaged with the fingers tips around the corners of the eyes and mouth.

To prove this to your complete satisfaction obtain a small quantity of Howard's Buttermilk Cream at T. J. Evans, W. A. Erman, Mykranitz Co. on the money back. If dissatisfied with the directions are simple and it costs so little that any girl or woman can afford it.

Ends Stubborn Coughs **in a Hurry**

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2½ ounces of Pinex, then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, known as the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

KEEP LOOKING YOUNG **It's Easy—If You Know Dr.** **Edwards' Olive Tablets**

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out. Danger is in sight.
Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness or have pains in the back or difficulty in passing urine—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.
Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

BEST HOME-MADE COUGH SYRUP
When you have a severe, stubborn cough or cold, you need the best possible medicine you can get. Druggists everywhere are authorized to refund money if SCHIFFMANN'S EXPECTORANT is not found the very best ever used for Coughs, Colds, Bronchitis, Croup, Whooping Cough or Hoarseness. When mixed at home with honey or sugar syrup, 50 cents worth makes 64 teaspoonfuls. Positively contains no chloroform, opium, morphine or any other narcotic, and is unlike any other cough medicine. It is so pleasant to take that children are fond of it. In case druggists should not have it order direct of R. J. Schiffmann, St. Paul, Minn.

can be seen in security and comfort. The theater is aired and fumigated every day, and as "fresh air is the deadly enemy of disease germs" you can see that your health is safe at all times in Newark's most classy playhouse.
Should you smell carbolic or similar antiseptics on entering, you will surely say, "Well, germs can't live here. We are safe!"
A wonderful program now showing Douglas Fairbanks' noted Art-craft star, in "Headin' South", also the first showing of the Fourth Liberty Loan film, taken Sunday, September 29.
You will want to see yourself in the movies. So do not miss this one. Yours for good health,

GRAND
"Official War Review."
From the Plains of France, the Peaks of Italy and the Sands of Palestine the Allied hosts have driven the Hun; the great cable-way which swings guns, munitions and men across dizzy depths to the front; French and Americans fighting side by side on the Marne; building railway in Palestine; prisoners and supplies taken by the British in their great advance in the Holy Land; the manhood of America through the roads to France.

Margery Wilson in Pretty Gowns.
Dainty, dark-eyed Margery Wilson wears some pretty gowns in Triangle's new play, "Old Loves for New," to be shown at the Grand theatre on Thursday and Friday night. She portrays the character of a petted, spoiled wife in society who learns that life must be made something more than a succession of parties and flirtations.

ALHAMBRA
Friday and Saturday.
Harold Lockwood has been seen in romantic drama, melodrama and farce, and in "The Square Deceiver," his latest Metro wonderplay, which the management of the Alhambra theatre has booked for Friday and Saturday.
True, there are impressive dramatic moments in which Mr. Lockwood figures in "The Square Deceiver," but for the most part his role of Billy Van Dyke is a comedy of youth and love. Billy Van Dyke, the principal character, is a multi-millionaire society man, who, in order to learn if his "dream-girl" loves him for himself alone, poses as a chauffeur. His action he upsets the carefully laid plans of one particularly designing mother and thrusts himself into a whirl of surprising action.

LYRIC
Persons of the Lyric theatre were again surprised yesterday when they witnessed the performance of the Tabarin Girls, for the present bill is far superior to the one offered Monday and Tuesday. "A Political Mix-up" is the title of the bill, and the audience was practically in convulsions from the time those two popular comedians stepped upon the stage. Never in the history of this popular theatre have the patrons seen a faster and snappier show. There is a dull moment from the time the curtain goes

up until it comes down. Baby Dorothy O'Connell, to be a riot and those who have not seen her will never realize what they will miss. She received an applause upon her first entrance that fairly shook the walls, and again was forced to take numerous encores and bows. There is little doubt that when she bids her last good-bye Saturday afternoon the house will be packed to the doors, so all those wishing to meet this favorite little star had better come early and avoid the rush. Friday evening this company has another surprise in store for the public, when they will offer their own version of "Scenes Behind Scenes," in which they will show to the audience their daily routine of work, and how they go about it, and then the entire performance according to the policy of the house. A number of patrons of this theatre have been very anxious to find out what the Sunday concerts would be but the management refuses to offer any information, only that it will be something extraordinary.

AUDITORIUM
"Headin' South."
From the sun-beaten desert of Arizona to the snow-tipped mountains at Truckee, Cal., is the contrast in the scenery offered by Douglas Fairbanks in his new Artcraft picture, "Headin' South," a rip-roaring tale of Mexican adventures, which will be the attraction at the Auditorium theatre for three days, starting today. The snow scenes are particularly effective after the audience is shown a broad sweep of the Mexican border, the desert lands of our country. Those who believe in "seeing America first" will be more than satisfied with the scenery that makes "Headin' South" the most distinctive film of the season. Considerable expense was attached to transporting over two hundred desert cowboys and Mexicans to the various locations, but the results attained more than justified the expenditure.

With Fairbanks in his story of two borders, Mexican and Canadian, appear prominently Catherine McDonald, a recent discoverer in films, and Frank Campeau. As the mysterious rider in the desert, Fairbanks personifies thrilling romance, and rescues the girl in an unusual, acrobatic manner.
An Artcraft directed "Headin' South" from the story by Allan Dugan. The latter is chief director of the Fairbanks organization and staged "A Modern Musketeer," which was selected recently to open the Rivoli theatre in New York City, said to be the most attractive picture house in the country.

Guarding Against Flu.
Mr. Fenberg is again making special announcement regarding the safety of his playhouse during these trying times. During the epidemic the health boards all over the country educated the public to avoid crowds while the epidemic was on. This of course was necessary and wise but in some sections there was little doubt but what there will exist for some weeks a disinclination on the part of many who have so far escaped the disease to attend any public gatherings whatever and Mr. Fenberg does not want that to happen here in Newark, for the fact alone that the health board has lifted the ban, should be enough to tell you all that would be enough to tell you all that should be a little careful watching and to what places you go you are sure not to catch the flu and especially at the Auditorium with every door and curtain opened fully, fans going, and as nearly everyone knows, "Fresh Air is the Deadly Enemy of Disease Germs."

Then again the liberal use of antiseptics, make the theatre the one real safe place to visit. He has arranged a special big program for the last part of the week. "Headin' South" heads with "Headin' South" and the first showing is seen of the Fourth Liberty Loan film, taken Sunday, September 29th. This is the entire parade and many of the events connected with the big Liberty Drive on that day. As an added feature tomorrow, "The Locked Door," a two reel feature sent out by the department of State Fire Marshal will be shown. This is said to be one of the most realistic fire films ever made and shows the dangers of fire.

AT THE HARTMAN.
Cohen & Harris' newest play offering, "The Little Teacher," which will be presented at the Hartman theatre, Columbus, all next week, with matinees

Wednesday and Saturday, is a comedy in four acts, by Harry James Smith, with Mary Ryan in the leading role.
When Mary Ryan is announced for a new play people naturally expect something very human, gripping and lovable. And when the author of that play is known to be Harry James Smith, who wrote "The Tailor Made Man," and the producers Cohen & Harris, the rosiest expectations are justified. All the world loves a love story, and here is one with an exceptionally strong and novel appeal. All the world loves children, and here is a little group of healthy, real life youngsters, who awaken affection in the most hardened country life.
There are moments of really big

drama in "The Little Teacher," whose tension and thrill Mary Ryan knows supremely well how to bring out and drive home.
LOUIS GRAVEURE, BARITONE.
Rodfern Mason, big Pacific coast critic, calls Louis Graveure, the greatest baritone of our generation. Said Mr. Mason in the Examiner: "Louis Graveure is the greatest baritone of our generation. That is the impression, clear cut and undimmed by any shadow of doubt, left on my mind by his recital last night. Mr. Graveure has all the vocal virtues tone, quality, breath control, dynamic variety and interpretative range. This Belgian-Britain, he was born in Bel-

gium and educated in England, is not merely endowed by nature with a glorious voice; his art is so perfect that he seems instinctively to do the right thing. His art is a revelation."
Mr. Graveure with Thelma Owen, the Columbus violinist, who has won distinction for herself will give the second concert in the Quality Series Friday evening, Nov. 22 at Memorial Hall, Columbus. Single seat sale starts Monday, Nov. 18th. Box office, 55 Chamber of Commerce. Popular prices.

DANGER AFTER SPANISH INFLUENZA OR GRIPPE

How it Can Be Avoided and Treated. Simple Rules to Be Followed. No Occasion for Panic

No need of anyone being afraid of the after effects and slow recovery from Spanish Influenza, hard colds or Grippe, if they will use common sense and start in building up their health and strength the right way. The main thing is to get the blood rich red, and pure, so it can carry life-giving oxygen and strength to every part of the body. Impure blood is the cause of so many slow recoveries and set-backs.

Doctors say: "Get the blood right and the rest is easy, that nine-tenths of all sickness is due to lack of iron and phosphates; the healthy strong, vigorous man or woman's blood is always loaded with these two life-giving elements."

Physicians also claim with fresh air and nourishing food nothing equals Phosphated Iron as a blood tonic and health builder. Phosphat-

ed Iron takes hold from the first dose. Results are seen and felt; strength returns, food digests, appetite picks up, sleep is restful, there is a color in the cheeks and a sparkle to the eye that only blood charged with iron and phosphates can give. It is the duty of everyone who has had Spanish Influenza, Grippe or a hard cold to build up their system with nature's tonic, Phosphated Iron. It sure is health protection. Safety first. The results will repay you many times. Give yourself a show. Special notice: To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules.

Hunters at the lake have secured several shots at the wild geese but none have reported bagging any.

There are five members of the board and a stenographer. The complaint is made by one of the local I. M. U. The board went into session at 10 o'clock this morning and after officials of the company and union had stated their side of the case the trouble was quietly adjusted and the board adjourned.

PERFECT WOMANHOOD.

Perfect womanhood depends on perfect health. Beauty and a good disposition both vanish before pain and suffering. A great menace to a woman's happiness in life is the suffering that comes from some functional derangement which soon develops headaches, backache, nervousness and "the blues."

For such suffering, women find help in that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which for three generations has been restoring health to women of America.

THE COURTS

Order Your Game.

County Commissioners Chas. D. Lake, Jack Butt and J. E. McCracken will make several inspection trips into the country tomorrow, but will take along their shot guns. All claim to be experts and state that they will supply a few friends with young rabbits. The three officials have been invited to hunt on the farm of a friend who promised to get them up a big dinner and that is probably what is taking them to the country.

Petition Filed.

Georgia Pyles vs. Walter Pyles, is the title of a petition filed in the probate court today in which the plaintiff asks a divorce on the ground of extreme cruelty. The residence of the defendant is now at Sistersville, W. Va.

LICKING COUNTY'S SOLDIERS AND SAILORS

Readers are invited to contribute to this department short paragraphs giving changes of location, present address or personal items regarding our boys who are now in service.—Editor.

Harry M. Clark, Company A, Tenth Separate Battalion Quantico, Va., writing last Monday said: "The medal received this morning from the Advocate and I was very much pleased. Wish to thank the Advocate and all who contributed to the distribution of these medals. It shows that the people of Licking county are fullhearted in the welfare of their boys who are in the service. I can assure you that these medals are appreciated by all those who have received them."

The Advocate has received the following letter from Carl B. Emery, of the 27th Ordnance department, Camp Sheridan, Ala.:

"I wish to acknowledge receipt of the medal that you sent me which comes from the people of Licking county. Please accept my thanks to all in the same spirit that it was obtained, soiled and mailed to me. God helping me may I be worthy of the honor bestowed upon me by the people of Licking county and as that has been my home county I certainly will remember them when I get 'Over There' if that time ever comes. I am a little slow in sending my thanks for the medal, which is due to its arrival when I was bedfast in the base hospital. I am out of danger now but not permitted to go back to camp yet."

Mr. John Vanatta of Thornville has received word that her husband has been commissioned as first lieutenant. He is attached to the 134th Infantry band which is now in France.

GENERALS FLEE WITH KAISER INTO HOLLAND

London, Nov. 14.—A dispatch to the Daily Mail from Maan, Holland, says that among those who accompanied the former German Emperor to the castle of Amerongen, were Generals von Klessen, Von Gontard, Von Frankenberg, Von Lintoff and Von Grumman. The correspondent to the Daily Mail says he hears that the former emperor is not regarded as an officer because he has resigned his titles and offices.

ALLIES MAY RESTORE ORDER IN BRUSSELS

Ghent, Tuesday, Nov. 12.—Conflicting rumors as to the situation in Brussels reached this city. Reports are current that German soldiers there have mutinied against their officers and are burning and pillaging the city. Belgian advance scouts are now half way from Ghent to Brussels. Should reports of the mutiny be confirmed, a flying column will be sent to restore order at the Belgian capital.

IS NEWARK SATISFIED?

The Evidence Is Convincing—the Testimony Open to Investigation.

Before a statement can be accepted here, it must be supported by local testimony—by evidence of someone residing in Newark. Statements from unknown people in remote places may be true, but we cannot prove them. Here is a statement by a Newark resident:

O. E. Ryan, proprietor of grocery, 194 East Main street, says: "I suffered at times from a lame and painful back, brought on by the disordered condition of my kidneys. My kidneys didn't act as they should and I knew they needed attention. Doan's Kidney Pills had been used with such good results in the family that I tried them. They soon straightened me up in good shape and regulated my kidneys."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ryan had. Foster-McBarn Co., Mfgs., Buffalo, N. Y.
